05/ Things You Should Know Before You Apply

Eligibility

- Applicants with both Korean and other foreign citizenship are not eligible for International Admissions I.
- International Admissions II applicants are advised to note that SNU does not acknowledge international schools located in Korea as foreign schools.

Application Process

- Applicants should make sure they type in the correct personal information, when undertaking the online application process. In principle, any modification and/or cancellation is not allowed after completing the application.
- Applicants are fully responsible for any disadvantages they may incur due to errors and omissions in the information provided.
- Applicants are not allowed to utilize a cross application approach, which can lead to disqualification. Cross-application is defined as when an applicant is given more than one registration number after submitting multiple applications. Submission of multiple applications means either applying more than one undergraduate course, or applying both undergraduate and graduate course at once.
- Online application can only be opened through Internet Explorer. You may encounter errors if you use other browsers.

Submission of Documents

- All of the submitted documents cannot be returned and in most cases, the application fee is not refundable. However, exceptions may be made in such circumstances as those caused by the university’s fault, natural disasters, etc. In such cases, an internal review process will take place to determine the refundable amount.
- Admissions offered will be rescinded if false information or unfair practice for admissions played any part in the process. This applies even after a student enrolls at SNU.

[Others]

- Admitted students to SNU are not allowed to register for any other universities in Korea which are scheduled to hold the same academic year for admissions as that of SNU. If an admitted student does not comply with this regulation, the admissions will be rescinded.
- International Admissions II applicants are subject to the regulation that limits the number of applications that can be made in the same academic year. This is in accordance with the new regulation introduced, which restricts the number of applications to six.
- SNU does not disclose information related to admissions decisions.
- The admissions staff reserves the right to require additional documents from applicants, should there be any need to clarify the eligibility or to verify the authenticity of the submitted materials.
- 'A Conditional Offer' can be granted to those applicants who have submitted the 'IB Predicted Grade.' SNU will inform the applicant about the required final grade that must be met. Those who are holding a 'Conditional Offer' must report the 'Final IB Grade' by July 5, 2017. Contingent upon a 'Final IB Grade' which provides evidence of the satisfactory completion of the relevant course, SNU will announce the final decision on the 'Conditional Offer' on July 21, 2017. (Any result that is announced after July 18, 2017, including revised results will not be recognized.) Please note that the date is subject to change.
- Applicants, having been offered Spring semester admissions as a applicant who undertook entire education outside of Korea, are not allowed to apply for Fall semester admissions at other universities in Korea as well as at SNU. This restriction applies even if the applicant does not undertake the actual registration process. The offer itself is regarded as a valid precondition for this restriction to come into effect.

06/ Admissions Eligibility and Requirements

International applicants must meet the admissions eligibility for either International Admissions I or II by August 31, 2017. Nationality/citizenship status must be met by the application deadline.
