- For those who are applying through International Admissions I, both the applicant and his/her parents are required to acquire foreign citizenship before commencing their education course corresponding to that of high school in Korea.
- Applicants possessing both Korean and other foreign citizenship are not eligible for International Admissions I.
- International Admissions II applicants are advised to note that SNU does not acknowledge international schools located in Korea as foreign schools.
- The means of accreditation for education, such as qualification examinations for college entrance, home schooling, cyber learning systems will not be acknowledged for international applications.

Application Process

- Applicants should make sure they input the correct personal information, when completing the online application process. In principle, any modification and/or cancellation is not allowed after completion of the application.
- Applicants are fully responsible for any disadvantages they may incur due to errors and omissions in the information provided in the application.
- Applicants are not permitted to apply through a cross application approach, and will be disqualified from admission if found doing so. Cross-application is defined as when an applicant receives more than one registration number after submitting multiple applications. Submission of multiple applications refers to either applying to more than one undergraduate course, or applying to both an undergraduate and a graduate course during the same application period.
- Online applications can only be completed using Internet Explorer. Applicants should be aware that they may encounter errors if other browsers are used when completing the online application.

[Submission of Documents]

- All of the submitted documents cannot be returned and in most cases, the application fee is not refundable. However, exceptions may be made in certain circumstances, such as errors on the university's behalf, natural disasters, etc. In such an event, an internal review process will take place to determine the refundable amount.
- Admissions offered will be rescinded if false information or unfair practice for admissions is found to have been used at any time during the application period. This condition applies even after the offending student enrolls at SNU.

[Others]

APOSTILLE Requirements for Newly Admitted Students

Since July 14, 2007, the Republic of Korea has been a party of the 1961 Hague Convention abolishing the Requirement of Legalization for Foreign Public Documents. The Convention provides simplified certification of public (including notarized) documents to be used in countries that have joined the convention.

The Apostille ensures that public documents issued in one signatory country will be recognized as valid in another signatory country.

- Apostille certificates are to be submitted within 15 days after enrollment at SNU.
- For information regarding how to get an Apostille, please refer to the website <http://www.hcch.net> (Apostille Section).

A. Newly admitted students from countries which are signatories to the convention must meet the following requirements:

❖ Please refer to the list of signatory countries for Apostille certificates on page 17.

1. Official certificates (transcripts, graduation certificates/diplomas, etc.) from public schools or institutions should be submitted with the Apostille attachment.
2. Official certificates (transcripts, graduation certificate/diplomas, etc.) from private schools or institutions, however, should be officially notarized by a notary, agency or any other authority competent under the law of the country of origin of the certificates, before being submitted with the Apostille attachment.

N.B. All documents should be in English or Korean. If it is in any other language, the applicant must submit a notarized/certified translation (in English or Korean) completed by a public notary in the country where the document was originally produced.

B. Admitted students from countries which are NOT signatories to the convention and do not recognize the Apostille must meet the following requirements:

1. Official certificates (transcripts, graduation certificate/diplomas, etc.) must be legalized by a Korean consular officer in the country which issued the certificates.
2. Applicants from these countries should submit the official certificates with the attachment of an Authentication (ex. Certificate of Authentication or Certificate of Overseas Educational Institutions) issued by the Korean Embassy or Consulate.

N.B. All documents should be in English or Korean. If any documents are submitted in any other language, the applicant must submit a notarized/certified translation (in English or Korean) completed by a public notary in the country where the document was originally produced.
